

SUN BEAMS

By WALTER M. BARRETT

In naming Frank Powell as director of the Truckee Public Utility District, other members of the board exercised good judgement. Powell is one of the men who fought back in 1927 for the organization and has the interest of the district and Truckee at heart. We feel sure that his presence on the board will lend it weight.

Playing against heavy odds, the Truckee baseball team Sunday exemplified potential possibilities as a championship aggregation and the team well worthy of the support of the town and community. Without training, other than what they themselves take, they went into the field against a bigger, far more experienced team and won. The boys are entitled to all the help they can get.

There will be reams written to the graduate on the hard knocks, trials and tribulations of life in the open after diplomas are tucked safely away. We, therefore, are going to say only we wish you the finest kind of success in the world which awaits to make or break you.

It again looks hopeful for the new fire truck. Last week we felt rather bad upon learning that legal technicalities have arisen which cast a shadow over the possibility of having the new fire apparatus at an early date. This week, however, we learn that the Commissioners and the district Attorney have thrashed the matter out and that the truck may be here by July 1 or shortly thereafter. We sincerely hope so, at least.

The Chamber of Commerce has again named a committee to see what can be done about keeping Commercial Row clean of the accumulation of rubbish, papers, broken bottles and what not which creates an unsightly appearance. Power to the committee, may it's actions bring results.

Another splendid thing which the Chamber of Commerce did this week outside of soliciting records as opposing out to be plain crooks. The Chamber is setting up a committee to interview all solicitors and agents and merchants are warned to refrain from contributing or making questionable purchases before consulting the chamber officials.

MRS. GIRARD UNDER KNIFE IN HOSPITAL

Mrs. A. R. Girard, well known Truckee matron was taken to a Reno Hospital last week following a sudden illness and although her condition is considered to be serious it is the hope of her local friends that she will soon be on the road to recovery.

SPRING FENCE IS BEING REPLACED TO PROTECT CITY WATER

Frank Powell and Charles Johnson were busy for three days last week rebuilding the fence around the spring of the McGlashan Water Company property situated on the hill back of the Emigrant Gap Trail Camp.

Heavy snows had flattened the guard that is placed each summer to prevent cattle from disturbing the water. Screens were cleaned of debris, clearing the supply for Truckee consumers.

LOCAL RAILROADER MARRIES ROSEVILLE GIRL AT CEREMONY

Miss Lois Sands of Roseville and Claude Caudel, who is employed by the Southern Pacific Company in Truckee were united in marriage by Judge Don L. Bass at the home of the bride, recently. Only immediate relatives were present at the ceremony and a wedding dinner was served to the bridal party and guests.

The couple left for a brief trip to Oregon and their return have taken the Brummond house here.

The bride is the youngest daughter of Mr. and Mrs. Frank M. Sands of Roseville and was a graduate of the Union High School in that city last year.

Caudel also has been a resident of Roseville, having lived in Martinez previously. He has been in the company's employ for the past year.

POWELL CHOSEN TO SUCCEED LATE TIM O'HANRAHAN

Utility Board Names Worker In Organization For Position

PLEDGES HIS SUPPORT

Board Again Complete After Appointment Of Powell

Frank Powell, widely known Truckee resident property owner, and one of the most active civic workers in the district was selected at a meeting of the board of directors of the Truckee Utility District this week to succeed the late Tim O'Hanrahan as a member of the board.

His duties will start at once and continue for two years. Other members of the board are C. E. Smith and C. B. White.

Powell was one of the leaders in the fight to form the district here in 1927 and since that time has been a staunch supporter of the district's progress and activities.

"Truckee has probably the best lighting system in the state," Powell declared. "The rates are believed to be lower than elsewhere. These two facts are made possible only through the public ownership of the district. I have always been a booster of the district and shall continue, in my capacity as director, to keep on boosting and do all I can to make it an even better district."

Edmunds Chosen Lion President At Local Meet

New Officers To Be Seated At Last Meeting In June

C. Edmunds was elected president of the Truckee Den of Lions at the meeting held here Wednesday night. He succeeds Rufus Gregory who has held the office during the past year.

Other officers chosen for the ensuing year were Al Fontana, first vice president; C. B. White, treasurer; Tony Pace, Lion Tamer; Ben Tonini, tail twister; Walter M. Barrett, Secretary; William Englehart, and Rufus Gregory directors.

The selection of officers came following a spirited election.

New officers will be installed at the last meeting this month.

DOLLEY DISPOSES OF RECENT PURCHASE

N. F. Dolley has sold his cabin and lot, located at the beginning of High Street to Mr. and Mrs. Meese of Sacramento who will make their home here during the summer.

According to reports the deal was consummated last week.

EAGLE OFFICERS ARE INSTALLED HERE AT MEETING, BANQUET

Installation of officers for the Truckee Aerie No. 1124, Fraternal Order of Eagles was held in the Odd Fellows hall on Thursday evening, June 3 with Past President J. A. Noonan officiating at the ceremonies.

The officers who will take their positions on July 1 are: Worthy President, F. W. Gaiennie; Worthy Vice President, W. M. Englehart; Worthy Chaplain, J. A. Noonan; Secretary, C. E. Smith; Treasurer, Fred Kohler; Worthy Conductor, W. H. Campbell; Worthy Inside Guard, Manuel Furtado; Worthy Outside Guard, R. Fustkair; Trustee, R. Joseph; Trustee, A. B. Polyanich.

A banquet was enjoyed at the close of the event.

The North Fork Association has accepted delivery of a new one and a half ton Dodge stake-body dump truck from the Truckee AAA garage.

Truckee Wins Calpine Game In 10th Frame

Local Boys Show Promise In Game Here Against Older Men

Playing against their toughest opposition this season, the Truckee baseball team, composed principally of high school lads, Sunday spotted the Calpine team years of experience and then trimmed them 5 to 4 in a 10-inning game on the local diamond.

The locals showed more natural ability than any team without coaching that has ever been seen here and gave evidence that with a little training a team of considerable talent can be developed.

Much of the credit for the victory went to Frank Giovannoni, who pitched the entire ten innings in stellar form, striking out 16 batters and holding the others to scattered hits.

The Truckee sluggers trailed during the first six innings and then slugged ahead and held the lead until the eighth when Calpine tied the score. It took two innings of shutout playing before Truckee scored two runs in the tenth to complete the interesting game. A good sized crowd was on hand to witness the contest.

CHAMBER OPPOSES PEDDLERS WHO ARE NOT AUTHORIZED

Meeting here Monday, the Truckee Chamber of Commerce turned thumbs down on all itinerant peddlers and solicitors, who do not have the sanction of the chamber to solicit in Truckee. Merchants are being advised to consult the chamber of commerce before entering into any agreement on questionable purchases.

It was pointed out that during recent weeks several merchants have been bilked by peddlers or "small deposit in advance men", who have been flooding this area.

President Charles White appointed A. P. Leitch, C. Edmunds and C. E. Smith to officiate as a committee to determine if something can be done to keep Commercial Row freed from debris.

O'HANRAHAN LEFT \$80,000 ESTATE TO RELATIVES

According to the last will of the late Timothy O'Hanrahan, an estate valued in excess of \$80,000 was left to the widow and other relatives, including William and Mary O'Hanrahan of Truckee. The former in executor of the estate, which comprises a large amount of property in Truckee.

LEGAL OBSTACLES IN BUYING OF TRUCK OVERCOME

Commissioners Confer With District Attorney On Plans

BELIEVE WAY PAVED

Hope To Have New Equipment For Truckee By July 1

Legal difficulties which has stood in the way of immediate purchase of a new fire truck and equipment for Truckee were believed surmounted Monday when commissioners Frank Gaiennie and Dr. J. H. Bernard went to Nevada City to confer with District Attorney Vernon Stoll relative to the proposed purchase.

Stoll and the Commissioners thrashed out the matter to a tentative agreement and it is believed that the obstacles encountered recently have been removed.

Under the current plans the new truck should arrive here shortly after July 1, when the fiscal year year starts and when sufficient funds will be available to make the deal without the necessity of an increase in the present assessment or the expense of calling and holding a special election.

The truck was ordered several weeks ago and is now in the course of erection in Sacramento. Modern fire fighting equipment is being mounted on a new Chevrolet chassis.

Pioneer Local Man Succumbs At Bay Home

Was Veteran Railroader of Truckee; Active In Lodge Work

Thomas Cullen 88 years of age and prominent in lodge work in Truckee for many years, died at the home of his daughter, Miss Lila Lee Cullen at Oakland on June 8, according to a telegram received by Truckee Lodge No. 200 E. and A. M. on Wednesday.

Cullen was first employed by the Central Pacific Railroad in 1864 and was firing one of the locomotives at the completion and joining of the trunks at Promontory, Utah in 1868.

He later ran on the Truckee division as engineer, retiring after many years of service.

He became a member of the Truckee Lodge that received the news of his death, in 1887 and in the following year he joined the Donner Chapter, No. 33, Royal Arch Masons.

TRUCKEE MAN IS ELECTED SECOND TIME IN LODGE

For the second time during his 30 years of residence in Truckee, Frank Powell has been elected noble grand of the Truckee Odd Fellows Lodge and for the fourth time in the same period has chosen as district deputy grand master of District No. 58.

The election was held last Saturday night. N. F. Dolley was elected vice grand Harry Oliver, Julius Lichtenberger and Oscar Schumacher, trustees.

Installation will be held at the first meeting in July.

LARGE TROUT TAKEN FROM LOCAL STREAM BY O. SCHUMACHER

O. T. Schumacher of Truckee who caught his limit of trout on the opening day of fishing season in two fish again proved his prowess as an angler when he brought in ten pounds and one fish, two mackinaw and three rainbow trout this week. The catch was taken below Beca.

Hobart Group Gives Piano to Local School

As a parting gift to show the respect which former graduates have for the Truckee High School, the Hobart Mills Parent Teachers Association has presented the local institution with a valuable upright piano.

Many of the members of the Hobart group, as well as their children received their early education in the local school and have a feeling of sentiment for the institution.

The piano, which has been removed to the local school, is said by musicians to be of considerable monetary as well as sentimental value.

Gilman Will Be New Member of School Trustees

Snider Elected, Mrs. Kamp Chosen To Replace O'Hanrahan

Virgil V. Gilman was elected as the new member of the Meadow Lake Union High School District and H. I. Snider was re-elected at the election held last Friday.

Gilman will replace Ben Clark of Hobart Mills who was not a candidate for re-election.

Mrs. George Kamp, a write-in candidate was chosen by the voters to replace the late Timothy O'Hanrahan on the Truckee Grammar school board.

78 MEN EMPLOYED ON BOCA DAM AS TUNNEL IS BUILT

Seventy-eight men are at work on the Boca Dam project at the present time, according to L. J. Foster, engineer for the Federal Bureau of Reclamation at Reno.

The diversion tunnel is being constructed to divert the water from the little Truckee river to enable the actual building of the dam to be started.

An excavation of 140 feet and approximately 610 feet of the tunnel remains to be bored. When completed it will be 14 feet wide and 10 and one half feet high.

Excavation for a spillway on the east side of the river is also being carried on, several hundred feet being completed.

MISS OWENS Praised FOR SCHOOL WORK

Praise has been given Miss Olga Owens, daughter of Mr. and Mrs. Lawrence Owens of Truckee for the manner in which she has conducted her classes at the school in North Columbia, according to word received from there.

Saturday night the closing of the term will be celebrated with a dance and a YoYo quilt made by the teacher and her pupils will be given away that evening.

The school is said to have made splendid advancement since it has presided over by Miss Owens, formerly a local girl.

BI-COUNTY COUNCIL OF LEGION MEET TO BE HELD HERE SOON

The next meeting of the Bi-County Council of the American Legion, comprising the six posts in Nevada and Placer Counties, will be held in Truckee on June 26, it was learned this week through a letter from C. R. Menzies, adjutant of the council.

The post to be represented at the meeting at Auburn, Colfax, Grass Valley, Lincoln, Roseville and Truckee.

Details of the entertainment and meeting will be made by local legionnaires at a meeting to be held soon.

LEGION PROPOSES TO START NEXT SPRING ON NEW STRUCTURE

McGlashan Site Is Tentatively Chosen For Location Of Building

FUNDS NOW AVAILABLE

Work Expected To Be Started In Early Spring As Plans Laid

Virtual decision to accept the old McGlashan property on the hill over the west end of Truckee, as the site for their proposed \$40,000 memorial building was reached at a meeting of Truckee Post No. 349, American Legion, at a meeting here Tuesday night.

It was pointed out that in order for the local post to avail itself of the PWA grant for 45 per cent of the cost of the edifice, immediate decision on the site and plans must be reached. While another meeting will be required before a final decision is reached, those attending Tuesday's session favored the McGlashan site, not alone because of the price but for the location and possibilities for expansion or landscaping.

James McIver, Jr., chairman of the building committee, reported that he had been in communication with county officials and had learned that more than \$18,000 was in the county fund for the building and that the government grant would be available only for a limited time.

This prompted the post to take steps to avail themselves of the fund and proceed with the building at the earliest possible moment.

It is held likely that the work on the structure will be started early next year.

Frank Kinne presided over the meeting Tuesday. Another meeting will be held soon to make final plans.

MRS. THELMA DUNDAS ELECTED GRAND OF REBEKAH LODGE HERE

July 14th will be the installation date for the officers of the Naomi Rebekah Lodge, No. 2 who were selected at a meeting held on Wednesday evening.

Mrs. Thelma Dundas will take office as noble grand and Mrs. Emma Powell has been chosen as vice noble grand. The secretary and treasurer will not be elected until the first of next year and other officers are appointive.

DISTRICT MEETING OF P.T.A. IS HELD; REPORTS ARE GIVEN

The third district meeting of the California Congress of Parents and Teachers was a real treat to those attending. Mrs. Geo. F. McCormack, Jr. past president of the district gave an interesting report of the national convention and the state convention was covered by a report from each of the delegates, subjects having been assigned to each one.

Mrs. S. E. Gordon reporting on "Magazines" and the "Correspondence Course". Miss Helen Hefferman (Chief of Division of Elementary Education.) gave a very interesting discourse on personality, emphasizing the importance of emotional developments in a child.

Truckee Union PTA received an award for an outstanding program and also was presented with a standard Association Certificate. Mrs. Gordon wishes to thank all those who helped to make our association "Standard" and hopes that we may maintain that rating.

PRE-SCHOOL GROUP OF P.T.A. HOLD MEET

The pre-school group under the auspices of the Truckee Union PTA met with Mrs. J. O. Hursey Tuesday June 8th. At the next meeting the group will picnic at one of the beaches.

ONE-MAN LEGISLATURE

May the good fates that watch over the destinies of California give strength and wisdom to the governor!

He, is now, for a time a one-man Legislature. By a mere flourish of his pen he can make into law, or kill, any one of hundreds of bills that lie on his desk, passed and piled there by the hastily-departing lawmakers.

Strength and wisdom, he needs, and caution, too. For in the huge pile are some bills so extraordinary, that a slip of the Governor's flourishing pen might plunge the State into heaven knows what.

Would you like, for example, to see the law of supply and demand repealed? That little matter is up to the Governor, for one product, at least. A measure before him would have the State fix, by law, the retail price of milk! Of course it will work if the cows cooperate, and if the price-fixer is a clairvoyant capable of comprehending all things. What mere human would think of such unexpected factors as drug stores in the milk market? Yet today a price-fixer would have to, for the druggists of the nation are offering a prize for suggestions on how to sell more milk!

If the cows continue to give as much or as little milk as they please, and if mere man fixes the price...well, it will be wrong enough most of the time to rob the farmer or consumer or both economic factors will back-fire all over the place, and a merry time will be had by all.

In the pile on the Governor's desk lies one and more just as remarkable. And if the Governor signed one of them...passed, one suspects, just to please a few opponents...the legislators would probably be as surprised as the public at large.

Someday a Governor's pen is going to slip, and then there will be the devil to pay.

ONE NATION INDIVISIBLE

To most Californians it probably means nothing that France is this week preparing to unveil a memorial commemorating the 300th anniversary of the birth of Pere Marquette. And yet, had it not been for that intrepid explorer, California might still be a Mexican province, or possibly a Russian empire in the New World. Marquette it was, who along with LaSalle and Joliet, whose achievements brought the Valley of the Mississippi under France's domination in the seventeenth century. And it was Napoleon's sale of this territory to the United States at the beginning of the nineteenth century, that permitted the Nation's great expansion westward, destined eventually to reach the Pacific. To France, Marquette is one of the illustrious sons who won an empire that waned. But America, and particularly California, also might well honor him, as a symbol of the destiny that has made this one nation, spanning from Coast to Coast.

THE'RE AT IT AGAIN

As Congress this week tackles the President's new wagesand hours recommendations, the extremists are at it again. They urge that business be given no voice in the plan or it's enforcement. They want a sharp-toothed crack-down instrument to bludgeon industry into creating some 4,000,000 jobs through a short week. To the counsel of saner congressmen (probably the majority) that the plan enlist the cooperation of business, they reply that business has never been motivated in the slightest degree by a desire to improve the lot of employees. Such a view is too obviously wrong to need refutation, of course, but for the disbelievers there's an interesting theatre on the record, written recently by an employee. It won a prize in an essay contest in the magazine of the widely-read author and economist, B. C. Forbes, on the subject, "Why I Like to Work for My Company."

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, June 10.—(UP)—The 52nd California Legislature dumped 912 bills onto Governor Frank F. Merriam's desk during the last ten days of the session, after allowing 437 measures to trickle down to him during the preceding 11 or 12 weeks.

The governor has 30 days in which to consider the bills. Should he decide to forget them and go fishing and forget all about them, they would be vetoed automatically at the expiration of the 30 day period.

But the Governor is not a fisherman. He ralled up his sleeves and went to work on the measures two days after the lawmakers went home. Following his usual custom, he declined to intimate what he thought of the bills. He declined to intimate what he thought of the bills. He declined to intimate what he thought of the bills.

One of the biggest issues of the session remained suspended in mid-air when the legislators ended their work. That was the question of setting up state machinery for aiding and quieting labor disputes.

Although half a dozen more plans were drawn to create a labor mediation board whenever the necessity arose. That amounted to nothing more than a gesture, however, as the governor already has the power to name mediators who, however, as they would have no authority to do anything more than recommend methods of settlement.

Agriculture insisted upon something that would prevent strikes. Labor refused to agree to anything that would deprive workers of the right to organize and strike. Labor

gave in to more points than agriculture and industry, legislators agreed.

Some observers predicted that the governor would veto the dog racing bill. He vetoed a similar measure two years ago. His attitude on that subject is something like this: "The people voted for horse racing, and therefore they are entitled to have it. They have not voted, however, to legalize bookmaking, dog racing or other forms of gambling." He is opposed, personally, to all types of gambling.

Despite early session predictions that the administration would encounter difficulties because the democrats controlled the lower house, the governor came out of the session with everything he wanted. He put across his budget bill, the biggest in the state's history. The

In all Christian Science churches, branches of the Mother Church. The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, June 13, on the subject "God the Preserver of Man."

The Golden Test will be: "In God is my salvation and my glory: there is in God" (Ps. 62: 7). Bible selections will include the following passage from Jeremiah 17: 7, 8: "Blessed is the man that trusteth in the Lord, and whose hope the Lord is. For he shall be as a tree planted by the waters, and that spreadeth out her roots by the river, and shall not see when heat cometh, but her leaf shall be green; and shall not be careful in the year of drought, neither shall cease from yielding fruit."

democrats trimmed \$8,000,000 from it making it lower than he had recommended. That maneuver did as much good as it did the proponents of the plan, as it played right in with his economy movement.

He has the power to veto as many of the special appropriation bills as he desires in line with his wish to enforce economy.

The governor wanted to consolidate relief with the social welfare department, and the legislature obliged him by passing bills providing

for that change. Many of the members admitted afterward they did not know what they were voting when they approved the consolidation plan.

Merriam voted the bill to transfer relief administration to the counties. The legislature was unable to over-ride him on that or any other veto.

Altogether, the administration was just as successful this session as it would have been had both houses been controlled by the republicans.

Economy was discussed considerably during the session, and those who maneuvered the \$8,000,000 budget slice did so in the interest of saving money, they said.

There was nothing economical, however, about the \$45,000,000 in special appropriation bills which were approved by both houses. Should the governor approve all of them, the 1937-39 expense of state government would amount to \$483,000,000. This, coupled with \$58,000,000 expected from the Federal government, would make an outlay of \$541,000,000 for two years.

described as a liberal legislature early in January, the lawmakers went home leaving people wondering whether they were liberal or conservative and deciding they probably were neither.

Such bills as the Garrison revenue bond measure, the Olson Tideland oil proposal, dog racing, liberalized pensions and extension of the mortgage moratorium were considered liberal. On the other hand, the legislature defeated even more "liberal" bills on labor, easier divorce, book-making, criminal syndicalism repeal the three day "gin-marriage" repeal and proposals to outlaw seduction and alienation of affections suits.

THREE TAHOE RESORTS ANNOUNCE OPENINGS DURING COMING WEEK

TAHOE CITY, June 10- Three resorts on Lake Tahoe have announced the formal summer openings for the coming week.

Cal-Vada is planning a program of note for Saturday evening, June 12 when Manager Johnny Rayburn will greet guests at the formal opening.

Mr. and Mrs. Everett Prusso will be host at Prusso's Forest Inn at Ward Creek on Saturday, June 12. While Prusso's has been open for several months, Saturday was fixed for the formal opening date.

The Log Cabin at Tahoe City is to have its formal opening for the season on Thursday, June 17, according to Fred Reiselt, the manager. Several other lake resorts are making plans to hold formal openings during the next few days and owners and managers are looking forward to one of their biggest years.

Mrs. M. Gallinger, principal of the Lake Tahoe Elementary school is recuperating nicely from an injured ankle sustained last week from a fall.

Word was received from San Francisco of the marriage on Monday, June 7 of Mrs. Muriel Howrigan and Mr. Truman Sudduth. The bride has many friends at Tahoe where she resided for many years who wish the couple much happiness.

Mrs. Hulda Nielsen is visiting her friends at Tahoe this week and will return to her home in Auburn in a few days.

FORESTRY DIVISION PASSES OUT TIPS TO VACATIONISTS

SACRAMENTO, June 10.—(UP)—The forest service passes along the following "tips" to prospective vacationists, in the hope of reducing the number of people "lost" every summer.

"A clear will find itself. If everyone remembered this there would be fewer persons lost in the mountains and forests. Loss of mental control is more serious than lack of food, water or clothing. The man who keeps his head has the best chance to come through in safety.

"Stop, sit down, and try to figure out where you are. Use your head, not your legs.

"If you are caught by night, fog or storm, stop at once and make camp in a sheltered spot. Build a fire in a safe place. Gather plenty of dry fuel.

"Don't wander about. Travel only downhill. Follow water courses or ridges.

"Don't yell, don't worry, don't run and don't shout."

A fish line and a few hooks, matches in a waterproof box, a compass and a little concentrated food and a strong knife—these articles the forest rangers put on the essential list for any one planning a mountain trip.

Cherry Trees Link East and West

In a recent gesture of international goodwill, Kanzo Shiozaki, Japanese consul general, shown kneeling at left, presented California with several hundred cherry trees to be planted in Golden Gate Park in San Francisco in honor of the new Golden Gate Bridge. Mayor Angelo Rossi of San Francisco is shown in center and John McLaren, world-famed creator of the park, is shown placing a shovelful of earth on the trees at the right.

AT KNIGHTS LANDING—George Markell was a visitor in Knights Landing last week.

NEWSPAPER ADS MOST EFFECTIVE IN PROMOTION

Newspaper advertising has proved most effectual in promoting screen personalities, according to Joseph M. Schenck, chairman of the 20th Century-Fox Film Corporation when he spoke before delegates of the corporation's world sales convention recently.

He conveyed to the gathering that a large part of the sales and theater attendance has been traced directly to advertising in the newspapers, proving that this method to be superior. Convinced of the effectiveness, the group has made their budget or that purpose accordingly.

ENGLEBRIGHT'S SON RETURNS TO LOCAL SCHOOL EXERCISES

Although he has been attending elementary and high school in Washington D. C. during the years his father Harry L. Englebright has been in Congress, Jackson Englebright has returned to Nevada City to receive his diploma tonight. The young man started his classes with the county seat group and will be with them rather than in the East where he has spent several years.

His mother, Mrs. Englebright will also arrive for the ceremonies.

ARRIVE FOR SUMMER—

Mrs. R. T. Joslin has arrived in Truckee from San Francisco to spend the summer.

MEXICAN STUDENTS VISIT STATE CAMPUS

SACRAMENTO, June 10.—(UP)—A party of 20 students and two professors of the Mexican National School of Agriculture of Chapingo, 25 miles from Mexico City, visited the California department of Agriculture at Davis.

The students, who concluded a motor bus tour of seven western states, were selected for their interest in agriculture. After a broad seven-year agriculture education at the expense of the Mexican government, they will be offered positions in the federal agricultural service of Mexico.

This Week At The State Capitol

By Jack Welter
United Press Staff Correspondent
SACRAMENTO, June 10.—(UP)—
Sunrise adjournment of the 52nd
California legislature after a hectic
session which ran well into Sunday
left political observers with an eye
focussed on the capitol building and
one on the Sacramento county
courthouse.

Until July 2, when the official

bill-signing period expires, Gov.
Frank F. Merriam's blue-carpeted
office will be watched with in-
tense interest aroused by specula-
tion on the fate of two tideland
oil drilling measures on his desk
for signature.

Sensational changes of bribery
and corruption in the legislature,
which reached a climax with grand
jury indictment of Assemblyman
Gene Flint of Los Angeles, brought
District Attorney Otis D. Babcock
of Sacramento county into the spot-
light.

Babcock undertook an investiga-
tion of the charges at the mandate
of both legislative houses, which
passed resolutions urging the attor-
ney general and district attorneys

pry into the situation. Babcock was
the sole official to respond. He su-
perintended a dozen or more legislators
and legislative attaches and promised
that his inquiry was far from finish-
ed with indictment of Flint on a
charge of offering a bribe to Assem-
blyman Ralph L. Welsh, Los Angeles.
It would supersede the Olson bill, en-
acted into law earlier in the legisla-
tive session. A second measure, in-
troduced by Assemblyman John
O'Donnell, Woodland, also would
take precedence over the Olson mea-
sure if it is signed by the governor.

Although Flint was indicted in con-
nection with action on the Welsh
bill, Babcock did not confide his in-
vestigation to tideland oil alone. He
included assembly action on a propo-
sal to reroute the Arroyo Seco boule-
vard in Pasadena, an anti-Coca cola
bill introduced by Assemblyman
Charles A. Hunt, Los Angeles, and
handling of sardine legislation which
has been disputed issue for a number
of years.

Clifford A. Russel, Flint's attor-
ney, said, there "is no question of
plea" and the assemblyman will
plead not guilty when he is arrai-
gled before Superior Judge Dal M.
Lemmon Friday, June 11.

Approved legislation altering
provisions of the state's unemploy-
ment reserves act brought another
of the week's developments.

Carl L. Hyde, executive director
of the unemployment reserves com-
mission, called upon the 20,000 em-
ployers affected by the act to sub-
mit by July 15 their 1936 payroll
records and also those for the first
quarter of 1937 and for each quarter
thereafter.

With benefit payments scheduled
to be started January 1, 1938, Hyde
explained:

"The legislative adopted a new
benefit structure which compels pay-
ment of benefits to subject unemploy-
ed on a basis of quarterly earn-
ings for the past eight quarters,
which means the past two years."

He said payroll data will be sup-
plied quarterly hereafter, eliminating
necessity of severance reports.

The secretary of state's office
also occupied a place in the week's
news. Townsends and Salinas
Valley citizens, the latter seeking to
avoid recurrence of last year's labor
strife, were responsible for this de-
velopment.

Salinas districtemployers and oth-
ers interested in promoting indus-
trial stability filed articles of incor-
poration or the Citizen's Association
of the Salinas Valley. Provision was
made for a code of fair practices
noting "the employer is entitled to
a reasonable term, the employer
should pay a fair and just wage,
provide decent and proper working
conditions and render an honest
effort and service." The name of
Ralph E. Myers headed a list of 20
directors.

Avery C. Moore, Oakland, who was
an early contestant in the Demo-
cratic gubernatorial race in 1934,
obtained a certificate of reservation
for the title "General Welfare Asso-

GENERAL FUND TO DEPEND UPON THE SPECIAL MEASURES

The condition of California's gen-
eral fund at the end of the 1937-39
biennium will depend almost en-
tirely upon the number of special appropria-
tion bills Gov. Frank F. Merriam
signs, Controller Harry B. Riley
said after studying the results of
the legislation.

Near the beginning of the session,
Riley predicted the general fund
would have a surplus of about
18,000,000 by June 30, 1939, if no
new appropriations other than
\$7,000,000 for state institutions were
approved. The governor set the es-
timate at \$21,000,000.

The legislature approved appropria-
tion bills totaling an estimated
\$48,000,000. If all these were signed
the general fund in stead of having
a surplus would remain in the red
nearly \$30,000,000 at the end of the
next two years.

During the past year, the deficit
has been reduced from \$45,500,000
to about \$20,000,000, due to increas-
ing revenues. The state's income during
11 months of the present fiscal year
showed a gain of 28 per cent in
comparison with returns during the
corresponding period of the previous
year, Riley reported.

If most of the appropriated mea-
sures approved by the legislature are
vetoed by the governor, the state
may stop issuing registered war-
rants in August, 1938, and from
then on proceed on a cash basis.

Moore said he
was acting as a special Pacific
Coast representative of Dr. Frances
E. Townsend and the Long Beach
He claimed the action may be con-
sidered an initial step toward gen-
eral revision of Townsend personnel
and policy.

While San Francisco's still were
recovering from the headaches re-
sulting from a riotous Golden Gate
Bridge fiesta, C. H. Purcell, chief
engineer of the division of highways
informed them their San Francisco-
Oakland Bay Bridge ranks third in
the nation for volume of traffic
handled by a toll crossing. Only the
Holland Tunnel of New York and the
Delaware River Bridge at Philadel-
phia surpass the bay span, Purcell
said. The bridge opened November
12, 1936, and 4,408,692 vehicles used
it to cross the bay up to May 11,
reported.

paying it's bills promptly and
time since the Young regime.

In addition to the appropriation
measures, however, Riley pointed out
there was another financial develop-
ment to consider. This was the bill
to permit deduction of 10 per cent
of earned income from the state tax.
State Senator William F. Knowland
estimated this would reduce the in-
come tax revenue \$4,500,000.

Some of the bills carrying appropria-
tions were to indefinite to per-
mit close estimates of figures. The
Gilbert measure to provide \$35 a
month to permanently disabled per-
sons 18 or older, for example, may
cost \$6,000,000 if signed but there
were no definite facts available at
this time to place that cost within
a few million of what it may ac-
tually total.

STATE WORKERS WILL COMPETETE IN FELLOWSHIP PLAN

SACRAMENTO, June 10.—(UP)—
State and local government em-
ployes in California will have an op-
portunity to compete for fellowships
in the graduate school of public ad-
ministration at Harvard University.

William Brownrigg, executive of-
ficer of the state personnel board,
said he had been requested to recom-
mend several employees for the fel-
lowships, which pay approximately
three-fourths of the employees regu-
lar salary.

Applicants must be less than 35
years of age, have completed college
and been employed in a government
agency for more than three years.

FORD "60" OWNERS REPORT 22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remark-
able mileage records on American roads. Private
owners and fleet operators alike report averages
of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and
drive all day—300 to 400 miles—without stop-
ping again for fuel. Besides costing less to run
than any Ford car ever built, it sells at the lowest
Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at
speeds up to 70 miles an hour. It is built into the
same roomy body as the famous "85"—with the
same modern features of comfort and depend-
ability that make the 1937 Ford V-8 unques-

HOBART MILLS

Friends of Mrs. Irma Atkins have learned that Mrs. Atkins has secured the Gold Flat school near Nevada City for the coming school year. Mrs. Atkins has taught the Hobart school for the past three years and due to the improbability of there being a school here any longer, she is glad to secure a school that will enable her to live at home. The best wishes of her Hobart friends are extended.

Mr. and Mrs. Oscar Nelson and family spent the week-end at their home in Auburn to enable them to attend the Forty-Niner Celebration.

Mr. and Mrs. E. W. Canady and family visited at the home of their daughter Mrs. Leroy Wilson of Sierraville on Friday last week.

Ed Kentz and son, Bob, of Stockton arrived in Hobart Mills Saturday and spent Saturday and Sunday with Mr. and Mrs. O. C. Landreth and family. Going on to Quincy Monday where Bob will be employed this summer.

Fred Otis of Sacramento spent the week-end in town where he visited friends.

R. E. Grass who is employed at Sacramento spent the week-end in town with his family. Coming up to see his son Jimmie who is a patient in the Hobart Hospital.

Mr. and Mrs. Leroy Wilson and family were the guests of relatives in town over the week-end, coming from Sierraville.

John Casbohm has returned from a visit in Sacramento where he visited friends.

Foster Wilson of Blairsden was a visitor at the home of his parents Mr. and Mrs. Frank Wilson on Sunday.

Mrs. H. G. Seibold and son, Robert made a trip to Sparks on Sunday, taking down a load of household goods, preparatory to moving there in the near future.

George Seymour of Brockway was a business visitor in town Sunday afternoon.

Mr. and Mrs. Tarwater and family, of Tahoe Vista were Hobart visitors on Sunday afternoon.

Mrs. Walter Edwards is staying in Reno during the past week for the benefit of her health and expects to return home in a few days.

Mrs. John Casbohm is a patient at the Hobart Hospital but is reported as getting along nicely and will soon be able to return home.

Mr. and Mrs. Erle Martin accompanied by Mr. and Mrs. Harry Wood were the guests of relatives over the week-end.

Mrs. Harry Haggard is a patient at the Hobart Hospital suffering from injuries received in a fall at Lake Independence last week. It was feared that she may have had a broken bone at first but the X-Rays show just a severe sprain and torn ligaments.

Jimmie Grass was taken to the Hobart Mills Hospital one day last week and is getting along nicely and will soon be able to return to his home.

Mrs. E. C. Murray entertained a few ladies at her home last Wednesday afternoon. The time being spent around the bridge tables, with the following ladies attending: Mrs. Harry Wood, Mrs. O. C. Landreth, Mrs. E. K. Wilson, Mrs. H. G. Seibold, Mrs. Frank Wilson, Mrs. P. W. Lazier, and Mrs. Harold Percy. Awards were given to high scores which were won by Mrs. Percy and Mrs. Lazier.

The annual school election was held at the school house Friday afternoon with but thirteen voters casting their ballots. Mrs. Earl Ross was re-elected for another term in office.

E.E. Payne, cattleman of Folsom and Sardine Valley was a Hobart visitor several times last week arranging to have his cattle brought in from the valley range to Sardine Valley where his family make their home in summer. The cattle arrived here Saturday morning and were driven onto the summer range. Later in the day Mr. and Mrs. Payne and family left for New York where they are going to witness the graduation of their son, who will return home with them.

Mr. and Mrs. J. J. Mullenix and son Fred of Doris visited at the home of their daughter Mrs. R. E. Grass and family over the week-end and came in a new Ford car recently purchased. They are former residents of Hobart Mills.

The Bureau of Roads has opened an office in the building where the Barber Shop was formerly conducted, and will maintain headquarters there during the road work is being completed in this vicinity.

Mrs. A. D. Murray visited their son and family, Mr. and Mrs. Jack Murray in Grass Valley on Sunday. Mrs. Murray remained in Grass Valley to visit for a few days.

Mr. and Mrs. Earl Clark of Reno were the guests of Mr. and Mrs. J. B. Clark on Sunday.

Mr. and Mrs. George Lesselyong have returned home from a few days visit at Standard and Hayward.

Mrs. Freeman, nurse at the Hobart Hospital was a Reno business visitor on Sunday.

The Dave Kammerer family have gone to Sacramento where they will reside in the future.

Mrs. Daisy Miller, Postmistress at Sierraville was a business visitor in town on Saturday afternoon.

Mrs. Hannah Hobart Prince and Mrs. diBawin were Hobart visitors from Virginia City one day last week, and were the guests of the Hobart Inn.

T. K. Oliver left Friday afternoon for Berkeley where he spent the week end with his family.

MAN SCARES HORSE TO DEATH WHEN HE POINTS FINGER

WOODLAND, June 10.—(UP)—A ranch yard on Fred Wild's farm near here became exasperated when one of the horses hitched to a hay wagon balked. He pointed a finger at the animal and shouted "bang."

The horse dropped dead.

Wild said he believed the worker's action so frightened the animal that it died of heart failure.

New Pullman Train To Have Car Names You Can Pronounce

After baffling travelers for many years, pullman car nomenclature will stand revealed as a model of historical simplicity when a new train, the "Forty Niner", makes its appearance on the San Francisco, Chicago run next month.
